*When services are received from a Delta Dental Premier or nonparticipating dentist, the percentages in this column indicate the portion of Delta Dental's nonparticipating dentist fee that will be paid for those services. This amount may be less than what the dentist charges and you are responsible for that difference.

Please see last page for additional details.

Stay in network and save!

Regardless of your age, you can go to any licensed dentist, but you will save money if you go to a dentist who participates in our Delta Dental PPO network. Delta Dental PPO participating network dentists have agreed to fees that average approximately 30% below typical dental office prices. If the dentist's fee is higher than Delta Dental's allowed fee, he or she cannot charge you the difference. This means you are responsible only for your copayments and deductibles, if any, when you visit a Delta Dental PPO participating dentist.

What if I go to a Delta Dental Premier or nonparticipating dentist?

If you go to a dentist who does not participate in Delta Dental PPO, you will still be covered, but most likely you will have to pay more. The amount Delta Dental pays may be less than what the out-of-network dentist (Delta Dental Premier and nonparticipating) charges, and you will be responsible for the difference. The coinsurance percentages you pay for services from out-of-network dentists (Delta Dental Premier and nonparticipating) are higher.

EHB COVERED SERVICES

EHB covered services include covered services to individuals under the age of 21 that are considered Essential Health Benefits as defined by the Patient Protection and Affordable Care Act.

IN-NETWORK OUT-OF-POCKET MAXIMUM FOR EHB COVERED SERVICES—An out-of-pocket maximum is the maximum amount that you or an eligible dependent will pay for covered services throughout a benefit year when you receive services from a participating dentist. For all in-network EHB covered services provided to EHB eligible persons, your maximum out-of-pocket payments under this certificate are \$350 per benefit year if this certificate covers one individual under the age of 21, or \$700 per benefit year if this certificate covers two or more individuals under the age of 21. Any copayments, deductibles or other out-of-pocket expenses paid by you for in-network EHB covered services provided to EHB eligible persons count toward that in-network out-of-pocket maximum. The in-network out-of-pocket maximum will not include any amounts paid for the following: (i) premiums; (ii) payments made by you for non-covered services; (iii) payments made by you to nonparticipating dentists; (iv) copayments, deductibles or other out-of-pocket expenses paid by you for services other than EHB covered services; or (v) copayments, deductibles or other out-of-pocket expenses paid by you for covered services provided to individuals 21 years of age and older.
