Kentucky Integrated Health Insurance Premium Payment Program

## Important Changes for KI-HIPP starting June 1, 2020

Dear KI-HIPP Partner,

Beginning **June 1, 2020**, a new policy change goes into effect for the **Kentucky Integrated Health Insurance Premium Payment (KI-HIPP)** program that could help your clients receive ongoing benefits!

### **How does KI-HIPP change on June 1, 2020?**

Currently, enrolled KI-HIPP members must submit a paystub as proof of premium payment each pay period in order to receive the KI-HIPP payments for their share of the premium.

As of June 1, 2020, enrolled KI-HIPP members are only required to submit proof of premium payment **when notified** via reminder notices from the KI-HIPP Team. Enrolled KI-HIPP members must pay attention to KI-HIPP notices to know when to submit proof of premium payment.

### **Enrolled members must submit one of the following documents as proof of premium payment:**

- **Paystub** showing that the premium was taken out to pay for health insurance coverage
- OR**
- **Letter from Insurance Company** showing the amount and frequency that the premium was paid for health insurance coverage

### **What happens if a member does not submit proof of premium payment on time?**

Failure to provide proof of premium payment may result in disenrollment from KI-HIPP. Once disenrolled, the policy holder will no longer receive KI-HIPP payments and will be responsible to pay for the Employer-Sponsored Insurance (ESI) plan. Individuals who are disenrolled from KI-HIPP may request their employer to disenroll them from the ESI plan.

### **How can I find out more?**

Additional information is available on the KI-HIPP webpage at <https://chfs.ky.gov/agencies/dms/member/Pages/kihipp.aspx>.

Thank you,
